

Appendix A References

A-1. Required Publications

Note: References used in this EM are available on inter-library loan from the Research Library, ATTN: CEWES-IM-MI-R, U.S. Army Engineer Waterways Experiment Station, 3909 Halls Ferry Road, Vicksburg, MS 39180-6199.

Federal Specification QQ-C-390B

Copper Alloy Castings (Including Cast Bar)

Federal Specification FF-S-325

Shield, Expansion; Nail, Expansion; and Nail Drive Screw (Devices, Anchoring, Masonry)

TM 5-809-1

Load Assumption for Buildings

EM 1110-2-2105

Design of Hydraulic Steel Structures

EM 1110-2-2608

Navigation Locks-Fire Protection Provisions

EM 1110-2-2702

Design of Spillway Tainter Gates

EM 1110-2-3400

Painting: New Construction and Maintenance

CW 05036

Metallizing, Hydraulic Structures and Appurtenant Works

CW 05501

Metalwork Fabrication, Machine Work and Miscellaneous Provisions

CW 05502

Miscellaneous Metal Materials, Standard Articles and Shop Fabricated Items

CW 09940

Painting: Hydraulic Structures and Appurtenant Works

CW 11290

Hydraulic Power Systems for Civil Works Structures

CW 14615

Electrical Equipment for Gate Hoists

CW 16643

Cathodic Protection Systems (Impressed Current) for Lock Miter Gates

American Association of State Highway Transportation Officers (Current Edition)

American Association of State Highway Transportation Officers. (Current Edition). "Standard Specifications for Highway Bridges."

American Gear Manufacturers Association (Current Edition)

American Gear Manufacturers Association. (Current Edition). "Tooth Proportions for Coarse-Pitch Involute Spur Gears," 201.02.

American Institute of Steel Construction (Current Edition)

American Institute of Steel Construction. (Current Edition). "Manual of Steel Construction, Allowable Stress Design and Load and Resistance Factor Design."

American Iron and Steel Institute Standards

American Iron and Steel Institute Standards. "Types 303 and 304 Wrought Stainless Steel."

American National Standards Institute

American National Standards Institute. "Hydraulic Fluid Power--Contamination Analysis Data," B93.30M.

American Society for Testing and Materials 1991

American Society for Testing and Materials. 1991. "Standard Specifications for Structural Steel," A-36.

American Society for Testing and Materials 1991

American Society for Testing and Materials. 1991. "Standard Specifications for Alloy-Steel and Stainless Steel Bolting Materials for High Temperature Service," A193.

American Society for Testing and Materials 1991

American Society for Testing and Materials. 1991. "Standard Specifications for Carbon and Alloy Steel Nuts for Bolts for High Pressure and High Temperature Service," A194.

American Society for Testing and Materials 1992

American Society for Testing and Materials. 1992. "Standard Specifications for Carbon Bolts and Studs, 60,000 psi Tensile Strength," A-307.

American Society for Testing and Materials 1992

American Society for Testing and Materials. 1992. "Standard Specifications for Carbon Steel Bolts and Studs, 120/105 ksi Minimum Tensile Strength," A325.

American Society for Testing and Materials 1990

American Society for Testing and Materials. 1990. "Standard Specifications for Seamless Steel Mechanical Tubing," A511.

American Society for Testing and Materials 1992

American Society for Testing and Materials. 1992. "Standard Specifications for Austenitic Stainless Steel Sheet, Plate, and Flat Bar," A666.

American Society for Testing and Materials 1991

American Society for Testing and Materials. 1991. "Standard Specifications for Steel Forgings, Carbon and Alloy for General Industrial Use," A668.

American Welding Society (Current Edition)

American Welding Society. (Current Edition). "Structural Welding Code, Design of New Bridges," AWS D1.1.

National Association of Corrosion Engineers (Current Edition)

National Association of Corrosion Engineers. (Current Edition). "Control of External Corrosion on Underground or Submerged Metallic Piping Systems," NACE Standard RP0169.

National Association of Corrosion Engineers (Current Edition)

National Association of Corrosion Engineers. (Current Edition). "Standard Recommended Practice Discontinuity (Holiday) Testing of Protective Coatings," NACE Standard RP0188.

National Electric Manufacturers Association 1980

National Electric Manufacturers Association. 1980. "Enclosures for Industrial Controls and Systems," Publication No. ICS 6-1978, Rev 1.

Occupational Safety and Health Administration (Current Edition)

Occupational Safety and Health Administration. (Current Edition). "OSHA Standards."

U.S. Army Engineer Construction Engineering Research Laboratory 1979

U.S. Army Engineer Construction Engineering Research Laboratory. 1979 (Dec). "Cathodic Protection of Civil

Works Structures," Technical Report M-276, Champaign, IL.
